ADMISSION ARRANGEMENTS FOR THE 2025/26 ACADEMIC YEAR

Wath Academy is an academy and member of the Maltby Learning Trust which is its own admissions authority.

The Admissions Arrangements refer only to entry to Wath Academy Sixth Form in September 2025.

The maximum number of students that can be accommodated in Year 12 is 200, due to the space available in school.

The school accepts external applications for entry to Year 12. (External applicants are students who did not attend Wath Academy in Years 7-11).

- The school has a Published Admission Number for external applications. (This is the determined number of places available for external students who meet the entry requirements).
- Where there are likely to be more places available for external students due to places being unfilled by existing students, the school will make this clear to applicants at the time of application.

In the event that there are more applications than places available for external applicants the following oversubscription criteria will be used:

- a. Applications from students who are looked after children (or previously looked after child) will be given the highest priority if entry criteria are met.
- b. Applications from students who have an older sibling (brother or sister/stepbrother or sister/child living in the same family home) who is expected to still be on roll in Year 13 on 1st September 2025.
- c. Applications from students who live nearest to the school using a straight line measurement (often referred to as a measurement as 'as the crow flies').
 - i. The distance measurement will be used if there are more applications than places available in category b.

ELIGIBILITY FOR APPLICATION

Applicants must be aged between 16 and 18 on 31st August 2025. Applications for students outside this age group will be considered alongside individual circumstances (see page 6). Both internal and external students are eligible to apply to study at Wath Academy Sixth Form.

A student will be offered a place at Wath Academy Sixth Form subject to the following conditions:

- a. The student has met the minimum entry requirement of five GCSE 5 grades, including a Grade 5 in English Language and Mathematics for A Level subjects, and Grade 4 in English and Mathematics for three General Applied Subjects.
- b. The student has met the subject-specific entry requirements for each course (see page 5-6).
- c. The student has demonstrated a commitment to learning.
- d. The student has a good behaviour record.

Please note Applied General Qualifications are undergoing Government reform and in September 2025 will be known as Alternative Academic Qualifications (AAQs). The DfE is expected to release specific information regarding these qualifications in summer 2024.

APPLICATION PROCESS FOR INTERNAL AND EXTERNAL APPLICANTS

The application process is the same for both external and internal applicants. All external applicants who meet the entry requirements will be offered a place at Wath Academy Sixth Form, and no preference is given to students from any particular secondary school.

Applications to study at Wath Academy Sixth Form may be submitted after the November Open Evening. To apply, students must submit an electronic application via the Wath Academy Sixth Form website or through their Form Tutor. Paper applications are available upon request.

All application forms must be submitted by the 14th February 2025. Competition for places is strong, late applications may be submitted but may not be considered. Once an electronic application has been submitted, students will be invited to attend an interview at Wath Academy Sixth Form. Interviews will begin in January for entry in the following September. Repeated failure to attend a scheduled interview will be considered as withdrawal of an application.

Interviews are conducted to discuss options and courses and do not form part of the decision process on whether to offer a place. Applicants will be assessed on their estimated/predicted GCSE grades.

A student will be offered a place at Wath Academy Sixth Form subject to the following conditions:

- a. The student has met the minimum entry requirement of five GCSE 5 grades, including a Grade 5 in English Language and Mathematics for A Level subjects, and Grade 4 in English and Mathematics for three General Applied Subjects.
- b. The student has met the subject-specific entry requirements (see page 5-6).
- c. The student has demonstrated a commitment to learning.
- d. The student has a good behaviour record.

If a student fails to meet the criteria above, their application will be rejected or deferred and reviewed later. If a deferred student repeatedly fails to satisfy the criteria above, then their application will be rejected.

Applications from students who are looked after children (or previously looked after child) will be given the highest priority if entry criteria are met, following the School Admissions Code 2014. Applications made under this criterion must be accompanied by details of circumstance and supporting evidence (e.g. from social care).

All students will be expected to register and provide evidence of their GCSE grades by the 6th of September 2025. We will not accept any applications for entry after the 5th of September 2025.

Any student who has registered with another Post-16 provider who wishes to transfer their study to Wath Academy Sixth Form must gain confirmation from the provider in writing that they are no longer on roll before the 22nd of September 2025. We will not register students until this confirmation is received.

The deadline for Year 12 students to change option choices is the 26th of September 2025. Children with a Statement of Special Educational Needs please contact your SEND caseworker or Local Authority for further information regarding the transition to Sixth Form. Young people have the right to request that Wath Academy Sixth Form is named in their EHC plan if, after consultation with Wath Academy Sixth Form, the young person's age, ability, aptitude and SEND are compatible with the resources available.
