

Wath Academy

Wider Enrichment Programme

Term 1

2026–27

Dear Parent/Carer

At Wath Academy, we are proud of our long-standing tradition of providing outstanding enrichment opportunities for our students.

Below, you will find a list of the wider enrichment activities available during **Term 1** of this academic year. These activities will take place either after school or during lunchtime, beginning in **Week 3 (w/c 14 September 2026)**, and are in addition to our Wednesday afternoon 'Enrichment for All' programme.

We believe that participation in enrichment activities helps students develop valuable character traits alongside their academic achievements, while also creating memories that can last a lifetime. This is a key part of our curriculum intent and something we believe contributes significantly to the holistic development of every child.

Taking part in enrichment activities can also play an important role in supporting positive mental and physical wellbeing. We therefore encourage all students to engage in at least one wider enrichment opportunity from the range of activities on offer.

Students do not need to sign up for activities unless this is specifically stated. They can simply attend their chosen activity. However, we ask that you carefully check the activity details to ensure that the targeted age range is appropriate for your child.

Please note that, following participation in an after-school enrichment activity, it is the responsibility of parents and carers to ensure that their child can travel home safely.

We look forward to seeing many students take advantage of the exciting opportunities available this term.

Yours sincerely
