By taking part in enrichment activities students create memories that last a lifetime and develop character to complement their academic achievements. Participating in an activity can be pivotal in maintaining positive mental health. Due to the significant positive impacts of enrichment, we encourage all students to take part in an enrichment opportunity from the extensive range on offer.

If there is a club a student would like to join, they simply need to go along at the specified time and date. There is no need to sign up (apart from climbing, where you need to speak to a member of the PE Department).
